Professional Summary

Aspiring .NET Developer with a B.Tech in Information Technology specializing in building full-stack applications with C# , ASP.NET , and MS SQL Server. Proven ability to develop functional systems, demonstrated through projects including an Employee Management System and a Hotel Billing application. Eager to apply technical and problem-solving skills to a challenging developer role.

Technical Skills

- **Backend:** C# , .NET, ADO.NET
 - **Frontend:** Angular, JavaScript, HTML, CSS
 - **Database:** MS SQL Server
 - **Version Control:** Git, GitHub
 - **Tools:** Visual Studio, VS Code
-

Projects

Personal Portfolio Website

- **Technologies:** HTML, CSS, JavaScript, Tailwind CSS
- Developed a fully responsive, single-page personal portfolio to showcase technical skills, projects, and certifications.
- Implemented interactive UI elements using modern JavaScript, including a typewriter effect and scroll-based reveal animations.
- Integrated a third-party service (Formspree) to handle contact form submissions without a dedicated backend.
- **GitHub:** github.com/Md-Umar02/PersonalPortfolio | **Live Demo:** Md-Umar02.github.io

Employee Management System

- **Technologies:** ASP.NET, ADO.NET, C#, MS SQL Server
- Engineered a full-stack employee management web application using ASP.NET and C# to handle all employee data operations.
- Designed and implemented a normalized MS SQL Server database and utilized ADO.NET to manage and retrieve data efficiently.
- Developed a user-friendly interface with features for creating, viewing, editing, and deleting employee information.
- **GitHub Link:** <https://github.com/Md-Umar02/EmployeeManagementSystem>

Hotel Billing System

- **Technologies:** C# , ADO.NET , MS SQL Server
- Constructed a Windows-based desktop application using C# to automate hotel billing and order management processes.
- Implemented robust CRUD (Create, Read, Update, Delete) functionalities with ADO.NET for seamless communication with the SQL Server database.

- Designed the database schema to efficiently manage customer orders and billing records.

-

Certifications

- DOTNET Technology - Accord Info Matrix
 - Web Designing - Accord Info Matrix
 - Cloud Computing - NPTEL
 - SQL Basics - Skill Rack
-

Education

- **Bachelor of Technology - Information Technology** 09/2020-04/2024
 - *Sri Sai Ram Institute of Technology, Chennai*
 - CGPA: 6.88
- **Higher Secondary Certificate (HSC)** 07/2019-04/2020
 - St. Sebastian Matriculation Higher Secondary School, Chennai
 - Percentage: 70%
- **Secondary School Leaving Certificate (SSLC)** 07/2017-04/2018
 - St. Sebastian Matriculation Higher Secondary School, Chennai
 - Percentage: 86%
